VICKSBURG IS VISITED. VICE PRESIDENT GUEST

President Roosevelt Is Greeted With Great Enthusiasm.

Of the State Fair of Texas and Citizens of Dallas.

NATIONAL CEMETERY SEEN

PLEASED WITH LONE STAR

In Laudatory Language John Sharp Williams Refers to the Chief Magistrate and General S. D. Lee Introduces Him and Old Soldiers.

Distinguished Indiana Gentleman Given an Enthusiastic Outburst of Applause When He Enters Music Hall and His Remarks Often Cheered.

Vicksburg, Miss., Oct. 22.—After a fortnight spent in the Louisiana cane brakes and looking bronzed and vigorous, President Roosevelt paid a flying visit to Vicksburg Monday afternoon. The president arrived at Delta, just across the river, at 1 o'clock. He was met by the steamboat Belle of the Bends, with a reception committee of 100 representative citizens on board. The president immediately embarked and followed by a dozen boats, yachts and other river craft made his entry into this city. The bluffs overlooking the river were lined with people, who gave the chief executive a hearty and noisy welcome. President Roosevelt entered the forward carriage and with Mayor Griffith and Representative John Sharp Williams heading the party passed through the principal streets to the National cemetery. The president was received with enthusiastic acclaim on all sides. The streets were densely packed with people, who cheered the visitor at every opportunity. The president remarked to Representative Williams that the reception was one of the most cordial he had ever received, and expressed his appreciation of the spontaneous manifestation of good will on the part of the people of the Mississippi delta.

At the corner of Cherry and Clay streets the procession was halted and General Stephen D. Lee, commander in-chief of the United Confederate Veterans, stepped forward and shook hands with the president. General Lee told the president that several hundred Union and Confederate veterans stood before him and that he desired that the chief executive should meet these old warriors. The president arose in his carriage and cordially shook hands with the old soldiers.

Arriving at the National cemetery, the party drove slowly through the burying ground, the president evincing a lively interest in the historic place. From the cemetery the party drove to the courthouse square, where an immense crowd had gathered to hear the speech making. President Roosevelt was introduced by Representative Williams. The congressman elicited great applause when he said:

"You can not see in the history of any country, ancient or modern, you cannot find an association of twenty-five kings, of emperors of even prime ministers the equals in intelligence, culture, courage or character to the twenty-five presidents of this great republic from Washington to Roosevelt, both inclusive. Of these, I, a southern Bourbon Democrat, have an American pride and pleasure in saying that 'the last is by no means least'."

Mr. Williams continued: "It is an honor for you and me, fellow Mississippians, to meet and entertain with an old time, full hearted southern hospitality the Hon. Theodore Roosevelt—an honor flowing at once from his official dignity and from his many excellent traits of private character."

"He is ever chief magistrate, America's magistrate, the chief magistrate of a reunited Dixie and Yankee, and never so firmly cemented in blood, opinion and sentiment as they are today."

When the president arose to reply, the big crowd accorded him a noisy demonstration. Hats, handkerchiefs, parasols and what not were waved by the crowd and the cheering lasted several minutes.

HORSE RACING IN AMERICA.

Nine Months' Winnings Are Over Five Millions of Dollars.

New York, Oct. 22.—Some idea of the magnitude of horse racing in America is gained from a tabulated record of the winnings of thirty leading owners, just made public. The grand total is \$1,706,881. This in itself would be a great sum, but it only represents a very small number of horse owners that have won money on the turf since Jan. 1 to Oct. 19. In the aggregate the winnings of all owners reach \$5,000,000. This sum represents only the amount paid out by racing associations to owners.

The money expended by citizens of this country on the sport, of course, is not included. A conservative follower of the game with a penchant for figures said that \$25,000,000 was paid out yearly by racegoers to racing associations and bookmaking. This represents bets, admission prices and railroad fares to the tracks.

Mrs. Nation's Stable Burns. Guthrie, Oct. 22.—Fire destroyed the stable on the farm of Mrs. Carry A. Nation recently purchased near here. Incendiarism is charged.

Dallas, Oct. 22.—Hon. Charles W. Fairbanks of Indianapolis, vice president of the United States, arrived in this city this morning.

After breakfast at the Oriental hotel the distinguished gentleman held an informal reception in one of the parlors of the hotel, where hundreds of visitors and citizens of Dallas called and paid their respects. While the reception was in progress a band in the lobby discoursed national airs.

At noon Vice President Fairbanks was escorted to the fair grounds, where, in the main hall, after a tour of the exhibits, livestock, etc., he delivered an address to the United Confederate Veterans, fourth-class postmasters of Texas and citizens generally. When the honored guest appeared upon the stage he was received with great enthusiasm. His address was applauded often, particularly his references to the "boys who wore the gray."

At the conclusion of his remarks the vice president held a reception upon the stage and for a considerable time he was kept busy shaking hands. He

CHARLES W. FAIRBANKS.

had a kind word and warm hand clasp for the many persons who greeted him.

At 7:30 o'clock in the evening Mr. Fairbanks held another reception at the Oriental hotel, where he met Republicans from all over the state as well as citizens generally.

The gentleman who holds the second highest power within the gift of the nation expressed his gratification at the splendid exhibits at the fair. He was particularly pleased with the fine stock and the excellent buildings. Mr. Fairbanks, contrary to certain press reports, is a most affable man. There is a twinkle in his eye when engaged in conversation and makes one feel at ease the moment he grasps a hand. He was delighted with the welcome he received, and declared Texans certainly are masters in the art of entertaining. The Lone Star, he said, was a great state, and her citizens should ever be proud of their mighty commonwealth.

CARPENTERS QUIT WORK.

Left Their Benches Owing to a Dispute With the Foreman.

San Antonio, Oct. 22.—Several scores of carpenters in the employ of the Sonora railroad, says a special to the Express from Guaymas, Mex., left their benches in the company's shops owing to a trivial dispute with the foreman. A strike at this time will seriously hamper the railroad in projects of improvement just begun in the event of its extension.

AGED MEXICAN DIES.

Was With Santa Anna In the War of Texas Independence.

San Antonio, Oct. 22.—A special to the Express from Stockdale, Tex., says: Policiana Garcia, a Mexican aged 117 years, died here after one hundred years' residence in this section. He was with Santa Anna in the war of Texas independence, assisted in the attack on the historic Alamo at San Antonio and witnessed its fall. He also bore arms in the Mexican war with the United States.

BABY KILLED.

Train Hits Carriage and Little One Is Dashed to Death.

Tulsa, I. T., Oct. 22.—Bedford Godwin, his wife and infant child and Miss Myrtle Jack were caught by a Midland passenger train while attempting to cross in a carriage at the First street crossing. All were thrown from the carriage and the baby was killed outright. Miss Jack was probably fatally injured and Mrs. Godwin is seriously injured. Godwin escaped with slight bruises. The accident was witnessed by hundreds of people.

INDIANS COMING MONDAY.

Hard Fought Contest in Prospect Between Haskell's and A. and M.

The L. S. U. game is safely past. Already Coach Larsen is at work devising tricks to fool the wily Indian braves who play next Monday. The Indians are always resourceful. No one can foretell what the result of a contest with them will be. Last year their team was raw and untrained, so that A. and M. easily defeated them by the score of 34 to 6. The score of the University was not so large. But it should be remembered that for three years previous the Indians had regularly defeated the University.

On one occasion at Austin the Indian at left end broke his collarbone early in the game. He said nothing either to his teammates or to the coach until the game was over, nor did he stop playing or allow any gains around his end. They rarely go out the game on account of injuries. They endure pain with the proverbial stoicism of their forefathers. Their tricks, running and dodging offer to the lover of football such thrills as are not furnished by other teams.

Big Jim Ross will probably be on the lineup next Monday. If that be true there will be fourteen Indians and eight Texans in the game. Bryan is expected to send out at least 500 supporters of white and red.

Nothing is known here of the probable strength of the Indians, save that they are light and very fast.

MRS. MARY E. PEVERLY

As has been briefly announced in the Eagle previously, Mrs. Mary E. Peverly, wife of the venerable Mr. B. H. Peverly, died at the family home at Millican Friday, Oct. 18, at 12 m. She was an invalid for three years, and the summons which called her to the reward of the just was the release from a tenement of clay that had long been a prison house of pain; nevertheless her sweet christian spirit rose above bodily afflictions and was an inspiration to all with whom she was associated.

Mrs. Peverly was a native of St.

Johns, New Foundland, where she was born Sept. 2, 1825. Death claimed her at the advanced age of 82 years. She came with her husband to Milican in 1858, some years before that place was reached by the H. & T. C. railroad. Hers was an active and useful life in the home and in the community, with deeds of kindness and charity, and thoughtfulness of others. She was a member of the Episcopal church. She is survived by her husband, four children, a number of grandchildren and other relatives. Her children are Mrs. Wm. Lambdin of Waco, Mr. H. E. Peverly of Bryan, Mrs. Etta Steele of Navasota and Mrs. George Woodall of Millican.

In the presence of relatives and many friends all that was mortal of this good woman was tenderly laid to rest in the Wheat cemetery at Millican Saturday morning at 10 o'clock. Rev. W. M. Foster conducted the service.

PROSPECTORS AT WELLBORN.

Rockdale and Mineral Wells Parties are Looking for Lignite—Land Purchases and Options.

The Eagle learns from Mr. A. W. Royder, who was a visitor from Wellborn yesterday, that Dr. Wallis, a lignite mine operator of Rockdale, has been prospecting at Wellborn for lignite, and has found a nine foot strata two and a half miles from Wellborn, with which he is very favorably impressed. We also learn that he has secured options on land in that vicinity and that other investigations are going on that may lead to development.

Mr. Royder states that another party, Mr. Ramsey of Mineral Wells, has purchased eleven or twelve hundred acres of land below Wellborn, and has unloaded a quantity of lumber a mile and a half below the town, where he proposes to build a house, clear the land and market the wood supply, and later prospect for both oil and lignite. He will probably establish a settlement there in the development of plans which have been outlined. A gentleman from Missouri is interested with Mr. Ramsey in the enterprise and has been on the ground.

For Sale.

POSTMASTERS AT DALLAS

Those of the Fourth Class Assemble at That City.

Dallas, Oct. 22.—Postmasters of the fourth class in Texas convened in annual session Monday. Mayor Hay welcomed them and C. A. Moose of Polville responded.

United States District Attorney Atwell delivered an address, in which he called attention to the fact that the first postmaster general of the United States was Benjamin Franklin.

A query box was opened and several interesting discussions had.

James E. Forrest, assistant postmaster at Dallas, spoke at some length on the duties of a fourth-class postmaster.

Need of better pay was discussed. National President Johnson was highly commended for his efforts along this line and for his suggestion to the postmasters to weigh all incoming as well as outgoing mail for the period of seven days, Oct. 13 to 19, inclusive, as required by the department. The amount of incoming mail, it was held, would show the large amount of work the postmasters are doing for which they are getting no pay.

HOTEL SHOT UP.

Detective Fires Five Shots and Stamped Promptly Follows.

Dallas, Oct. 22.—City Detective Alexander Pegues, for some unexplained reason, fired five shots Monday night into the ceiling of the lobby of the new Southland hotel. The detective was suspended. No one was injured. There were many people in the lobby, including a number of ladies. A band was playing a dreamy "Drug clerks in the drug store, shouted to 'hold the door,' braced themselves against the intruder, but fell back under pressure of sheer number. Into the barroom and into the furnishing goods store in the building the crowd plunged madly. Handsome fixtures didn't count with them.

A visitor from Buffalo, who was standing at the head of the stairs, promptly rolled down to the tiled floor below.

"They told me," he remarked, dusting off his clothes, "to look for trouble in the woolly west, but I scarcely expected to see a Dallas hotel shot up."

In the meantime House Officer Bob Burgess and J. B. Lucas, one of the proprietors, gained the storm center and the shooting ended.

BULLET BREAKS NECK.

Will Booth Receives Death Wound While Driving Through Park.

Fort Worth, Oct. 22.—While Will Booth of this city was driving through the city park he was shot through the neck and instantly killed.

Booth's assailant was on horseback. He was within a few feet of the vehicle when Booth saw him. The latter attempted to alight from the vehicle and as he did so the shot was fired, which grazed his left shoulder and ranged upward, breaking his neck. Booth collapsed and sank to the ground, expiring almost instantly.

The other wheeled his horse and rode to the sheriff's office, where he surrendered, and gave his name as W. C. Weatherington. He was placed under \$2,000 bond.

Mrs. Weatherington and her year-old infant, who were in the buggy with Booth when he was killed, also drove to the court house, and the woman, carrying the babe in her arms, appeared in the magistrate's court with her husband when the amount of bail was fixed.

Five persons witnessed the deed.

JUDGE HENRY DIES.

Noted Texan Passes Away After a Lingering Illness.

Dallas, Oct. 22.—After an illness of two months Judge J. L. Henry departed this life at his residence here Monday night. John L. Henry, who was born in Virginia Oct. 18, 1831, came to Texas in 1852. He was admitted to the bar at Huntsville, going thence to Coke county. He was a member of the constitutional convention of 1875. He moved to Tyler and in 1880 he became a resident of this city.

Judge Henry was elected a member of the Texas supreme court, but resigned to resume his law practice before his term expired.

CATTLE RECORD BROKEN.

Fort Worth, Oct. 22.—Monday was a record-breaker at the local stock yards for cattle receipts.

The final count showed over 10,000 head in the pens for the day's market. Of this number about 4,000 were calves with the bulk of the mature stuff consisting of butcher stock, with some stockers and feeders.

The heaviest receipts previous to Monday were on May 23, 1905, with 9,690 head in the yards. The previous record for the year was reached Sept. 17, with 9,403 head yarded.

Bryan Cancels Engagement.

Macon, Ga., Oct. 22.—Hon. W. J. Bryan, who had accepted an invitation to make an address at the Negro State fair here Oct. 30, has cancelled the engagement. Governor Smith, who was instrumental in having the disfranchisement law passed, has accepted an invitation to speak in Mr. Bryan's place.

Mr. B. Seigle, who has been ill at home in this city the past ten days, got up yesterday, and by an accidental fall broke one of his legs. The misfortune is one in which Mr. Seigle's many friends will deeply sympathize with him.

Dr. Butler requests the Eagle to announce that he is anxious for a full attendance at prayer meeting tonight at the Baptist church. The reading of the associational letter will be a feature of special interest. Be on hand promptly at 7:30 o'clock.

Mr. W. K. Marriott, formerly of this city, and a son of Prof. E. E. Marriott, has declined an appointment to the railway mail service from the postoffice department at Washington. Mr. Marriott has been since leaving Bryan connected with the postoffice at Victoria, Texas. In speaking of his appointment the Victoria Advocate says: "Mr. Marriott, when questioned this morning by an Advocate man, stated that he would decline the appointment. Mr. Marriott is recognized as one of the most competent employees of the postoffice department, and his many friends will be delighted to learn that he will continue to make his home here."

KILLING NEAR HARVEY YESTERDAY.

Ned Searcy was the Victim and Elmore Ross the Alleged Slayer—Both are Negroes.

Sheriff Nall phoned the Eagle last night giving information regarding a fatal difficulty yesterday afternoon on John Dyess' place near Harvey and eight miles east of Bryan. Ned Searcy was killed and Elmore Ross is charged with the murder. Both are negroes, and family trouble is said to have been the cause of the tragedy. Rev. W. T. Wood, justice of the peace, and Constable J. H. Reed of Harvey went to the scene to hold an inquest. Sheriff Nall had not learned at the time the information was given whether the arrest of Ross had been effected or not.

BIG DEAL AT MUDVILLE.

B. L. Reed has Sold His Property at that Place to Carlo Silvato, Who Has Taken Charge.

Mr. B. L. Reed of this city has sold all his property at Mudville to Carlo Silvato, who has taken charge. The property includes Mr. Reed's store and stock of general merchandise, residence and gin, the latter having a four-stand sixty saw outfit. The consideration for the entire property is \$11,628.25.

The Eagle is glad to announce that Mr. Reed will retain his home in Bryan, and will look after farming interests near Mudville where he has valuable property holdings. Carlo Silvato, who has made the purchase, is a well known Italian, and will doubtless meet with success in continuing the business.

Verdict for "The Clansman."

That intensely interesting drama of the Reconstruction period, "The Clansman," will play at the Grand Opera House on Thursday Oct. 24. Viewed as a stage product simply, "The Clansman" is one of the most powerful dramas ever put on the American boards. Such scenes as the High Court of the Klu Klux Klan, and the parting of the lovers, Ben and Elsie, would alone be sufficient to make the fortune of any play. The power of the play as a play is proven by the enthusiasm with which the play is received both South and North. Popular support, not critical opinion, is what makes and mars plays, and the tremendous business done by "The Clansman" in every section of the country shows the people's verdict.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

WITHDRAW FUNDS.

Many Depositors Make Run on a Trust Company.

New York, Oct. 22.—There was a run of depositors to withdraw money at the main office of the Knickerbocker Trust company when it opened for business Thursday morning and also at the branch offices of the company at 66 Broadway and in One Hundred and Twenty-fifth street. At the main office there was about seventy-five persons in line and others constantly arriving. Many of those who came to withdraw their money were women.

At 66 Broadway there was considerable excitement when the office opened for business. A line of about fifty persons gathered and made its way to the paying tellers' windows to withdraw funds.

Second Vice President Allen, who is in charge of the downtown office, gave out the following statement: "There is nothing to be alarmed about. We have \$8,000,000 cash in the vaults and are prepared to meet all demands. The company is perfectly solvent." Mr. Allen said fears created by Mr. Barney's retirement from the presidency of the company would soon be allayed.

Bankers, brokers and business men generally came down town early to prepare for whatever further developments there might be in the financial situation. The feeling of relief and satisfaction with which these men began the transaction of business Monday was succeeded by considerable nervousness as the result of developments concerning the Knickerbocker Trust company.

The clearing house committee went into session shortly after 10 o'clock. It was announced then debit balances of the Mercantile National bank and National Bank of North America and neither received the assistance of the clearing house.

Shortly after the main offices of the Knickerbocker Trust company at Thirty-fourth street opened for business depositors began to arrive in great numbers and at 10:30 o'clock more than 150 people were in line at the paying tellers' window. Many depositors came in carriages and the carriage line extended for over a block from the bank.

There was a short run on the Bronx branch of the Knickerbocker Trust company when it opened for business. It was promptly stormed by the arrival of two wagons, from which were unloaded in view of waiting depositors big bundles of currency.

The news was made public that the National Bank of Commerce gave notice it would decline any longer to act as a clearing house agent for the Knickerbocker Trust company, and the resignation by Charles T. Barney of presidency of the latter institution served to unsettle sentiment more than the Morse-Helme developments of last week. The magnitude of the business transacted by the Knickerbocker Trust company with its deposits amounting to \$60,000,000 gave a much more serious aspect to the changes made in the management than did changes in the relatively smaller Morse-Helme concern.

Announcement of Mr. Barney's resignation was followed by a series of conferences of financial men at Sherries, which lasted until nearly 2 o'clock Tuesday morning. Among those present were J. Pierpont Morgan and partners, George W. Perkins and Charles Steele, Mr. Morgan taking a leading part in the discussion looking to the improvement of the situation. Three separate meetings were held—one by the directors of the Knickerbocker Trust Company association and a third by bankers and financiers generally, consider what was best to be done.

At 12:30 payments were stopped, the statement being made the company could not obtain money fast enough.

DAVIDSON DELIGHTED.

Charmed With the Hospitable Treatment He Received at Dallas.

Austin, Oct. 22.—Attorney General Davidson has returned from Dallas, where he attended the fair and governor's banquet. In answer to an inquiry General Davidson said that he would file suit to oust the Corsicana refinery, which is alleged to be a subsidiary concern of the Standard Oil company, as soon as he got the evidence in proper shape. "I could file the suit in ten minutes," said General Davidson, "but this department is proceeding along business and legal lines, consequently the suit will not be filed until the evidence is in right form. There will, however, be no unnecessary delay in the matter."

General Davidson said that never before in his career has he been treated more with more hospitality than he was by the people of Dallas. He is deeply gratified at the reception given him and Governor Campbell.

Railroad Commissioner Colquhoun in a communication to the attorney general requests an opinion as to whether or not a corpse is property and if it comes within the provisions of the anti-free pass law. Assistant Attorney General Pollard replied to the effect that it matters not whether it is property or not, it comes within the provisions of the anti-pass law, as the commission fixes a rate for its transportation.

NASHVILLE'S GREETING.

President Paid High Honors and Visits Two Noted Tombs.

Nashville, Oct. 22.—Never before in its history was Nashville so elaborately decorated as it was Tuesday to give a welcome to President Roosevelt. Bunting, flags, banners and pictures of the president were on almost every house in the uptown section, which was crowded with people from a radius of 100 miles and the reception he was accorded was of the old-fashioned kind. The weather was cool and bracing.

A special train bearing the president and party reached the union station at 9 o'clock amid the booming of cannon, ringing of bells, blowing of whistles and cheering of thousands. The president was met at the depot by a reception committee from the Board of Trade, who was introduced by Governor Patterson, after which Mr. Roosevelt and those accompanying him were escorted to carriages, passing through double lines composed of the general reception committee. A parade was then formed, the chief executive's carriage heading the procession. As the procession proceeded through the gaily decorated streets of the uptown district the president received one continuous ovation from the thousands who lined the sidewalks.

One feature of the parade that was particularly pleasing to Mr. Roosevelt was the presence of a company of gray and grizzled Confederate veterans in line. It was a compliment which he deeply appreciated.

On Sixth avenue, near the state capitol, the parade was brought to a full stop in order to enable the president to view the tomb of President James K. Polk, after which the march to the Ryman auditorium continued.

As the chief executive entered the auditorium the immense audience arose and gave him a welcome that he will not soon forget. Governor Patterson welcomed the president in a few remarks, after which Mr. Roosevelt delivered an address. His remarks were loudly cheered.

At 9:50 o'clock president Roosevelt left the auditorium in an automobile for the Hermitage, the home of President Andrew Jackson, twelve miles from the city, followed by a long line of carriages and automobiles containing citizens. On the arrival of the party at the Hermitage mansion the president was presented to Mrs. Rachel Jackson Lawrence, granddaughter of President Jackson. The president visited the tomb of President Jackson, at the lower end of the garden and from the lower end of the garden, and from stand, where an address was made.

At the conclusion of his address Mr. Roosevelt and official party began a journey to the president's train at Hermitage station, the road passing the Tennessee soldiers' home. At this point the Confederate veterans received in line and requested that he favor them with his autograph in a register specially prepared for the occasion. His signature was written in this book with a quill.

Weak Kidneys

Weak Kidneys, surely point to weak Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is dark, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Flatulency, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success to the stomach nerves, alone brought that success to the original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend
